NATIONAL COLLEGE

OF EDUCATION

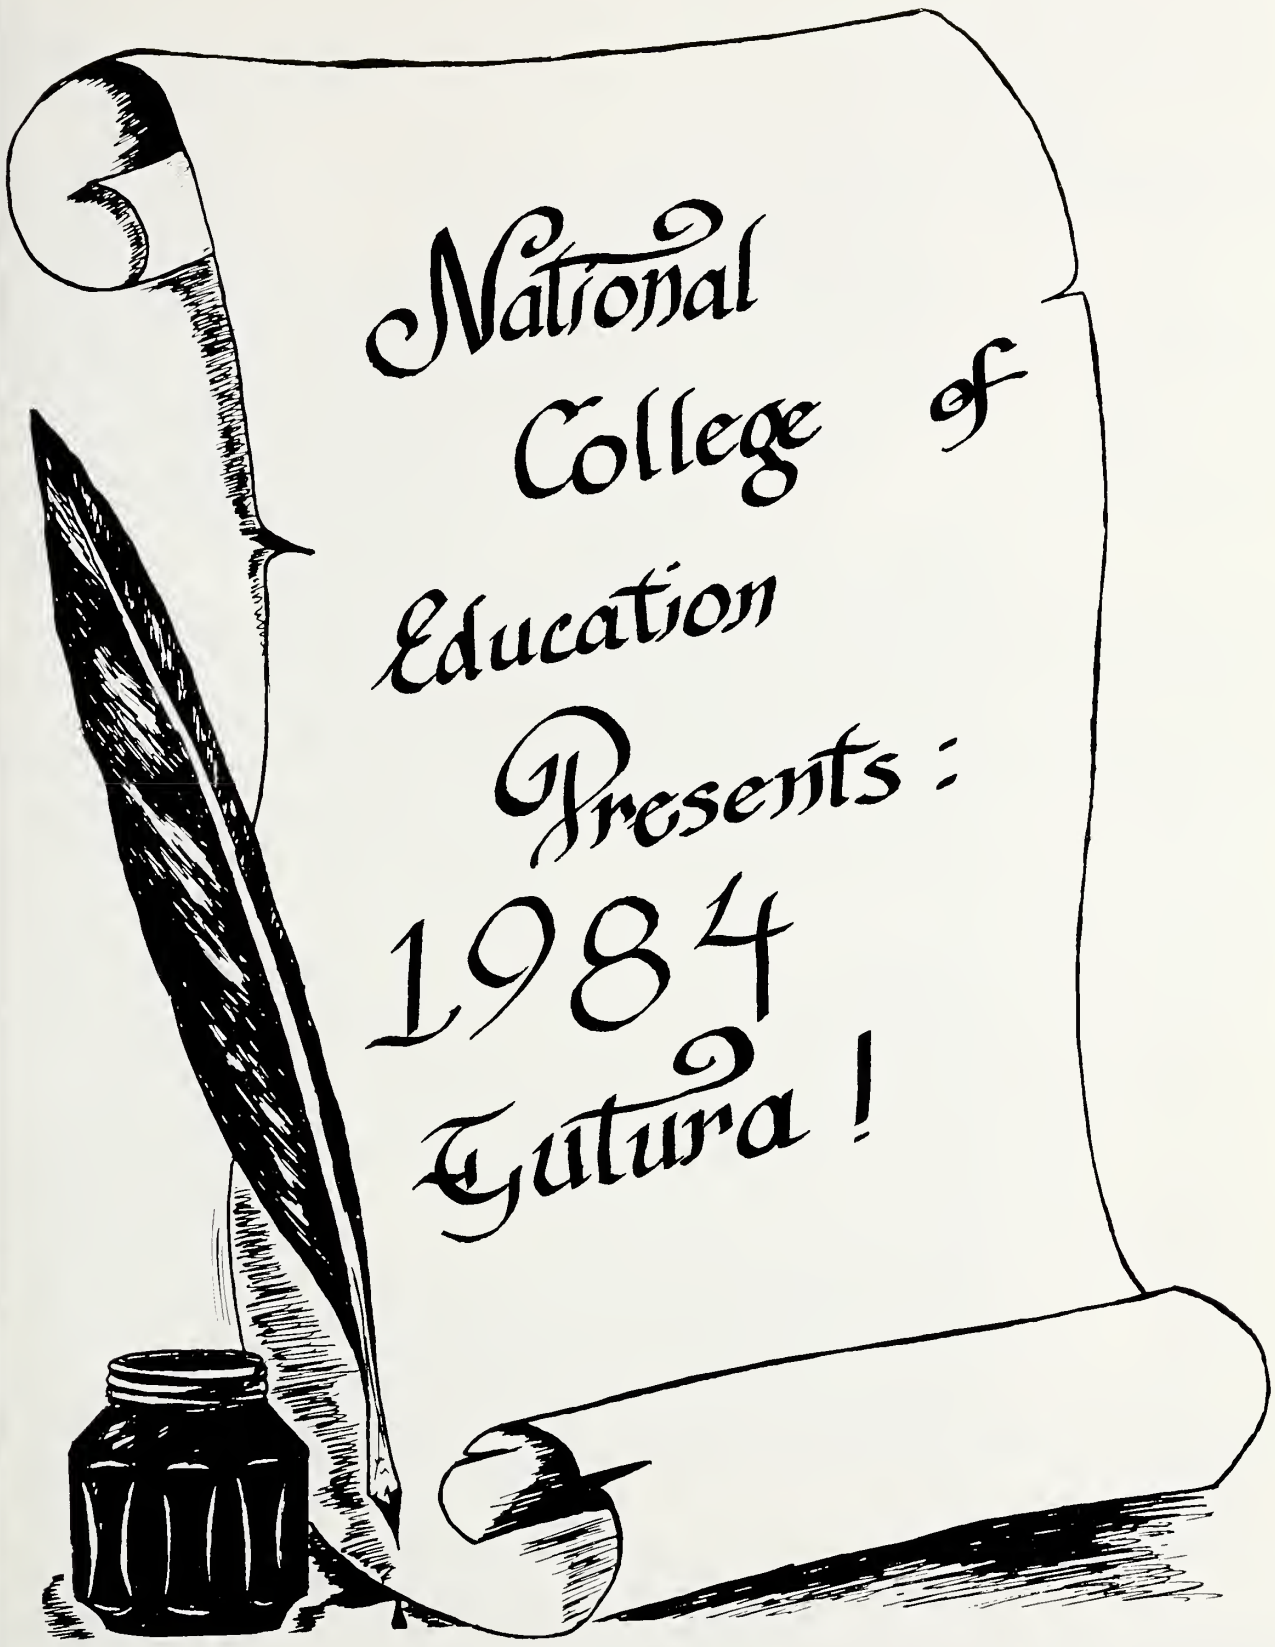

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses and income. The document further explains that proper record-keeping is essential for identifying trends, managing cash flow, and complying with tax regulations.

In the second section, the author provides a detailed overview of the accounting cycle. This cycle consists of eight steps: identifying the accounting event, recording the event in the journal, posting the journal entry to the ledger, determining the debit and credit balances, preparing a trial balance, adjusting the accounts, preparing financial statements, and closing the books. Each step is explained in detail, with examples provided to illustrate the process.

The third section focuses on the classification of accounts. It distinguishes between assets, liabilities, and equity accounts, as well as revenue and expense accounts. The document explains how these accounts are used to track the financial performance of a business and how they relate to the accounting equation: Assets = Liabilities + Equity.

Finally, the document discusses the importance of internal controls. It outlines various measures that can be implemented to prevent errors and fraud, such as segregation of duties, authorization requirements, and regular reconciliations. The author stresses that strong internal controls are crucial for the reliability of financial information and the overall success of the organization.

Chicago Hits the Slopes

The cross country-cross cultural communication weekend retreat held at Camp Tu-Endie-Wei, January 27-29, was a fabulous success. A total of 40 people attended. To some skiing was a new and exciting experience. Cultural sharing was also a part of this learning and fun weekend. A very special thanks to Karen Stanbary, assistant coordinator of human services, who planned this great trip and also celebrated her birthday out on the slopes.

In essence it was a great weekend of enjoyment. Everyone is invited to get on board when the next bus takes off for ski country.

'84 Presents FAMILY WEEKEND

This year's Family Weekend consisted of many exciting activities. On Friday night, the weekend began with a splash at the water ballet, followed by a fantastic 50's dance. On Saturday, an award convocations was held to honor outstanding students. After that, everyone ran through the rain to a wine and cheese reception. Following the reception, there was the music and drama production. Later in the evening, the families attended the Country Fair. Sunday, after the services, we had a terrific outdoor picnic. All in all, the 1984 Family Weekend was a great success.

Circle K Helps Out At Misercordia

Circle K brought many smiles to Misercordia home on Valentines day. The club helped the kids make pictures and cards.

MIKE'S BIG DREAM

He's got a ticket to ride

One bright sunny afternoon, Michael Stephan Miller, Director of Housing for Baker Hall, had his big dream come true. The story is told that Mr. Miller made a baffling phone call to a mysterious man with an English accent. Shortly after this call, Mike was seen walking out to Sheridan Road where he was met by a black limousine. Brooks, the chauffeur, opened the door for Mr. Miller and as he got in, the bearded young man was heard to say, "Good-Bye Baker Hall, And To All A Nice Day!"

Thumbs Up!

Good-Bye Baker Hall
