To Whom It May Concern:

It is with great pleasure that I support the submission of Rebecca Stack's manuscript, titled Examining Food Deserts, Fruit and Vegetable Consumption of Students Attending an Urban Higher Education Setting in Chicago submission to SPACE. Rebecca is a McNair student that I am mentoring and completed the research project as part of a social work research class in our department. I will continue to work with Rebecca in hopes that you are able to accept her submission for publication. If I could be of further assistance, please contact me by email at m-ramirez23@neui.edu.

Respectfully,

Mika Ramirez, PhD, MSW
